

Presentation

Eden Suite System Navigation

Date

November 2019

Topics Covered

- Brief History of Eden Suite
- Login Page
- Dashboard Page
- Navigation

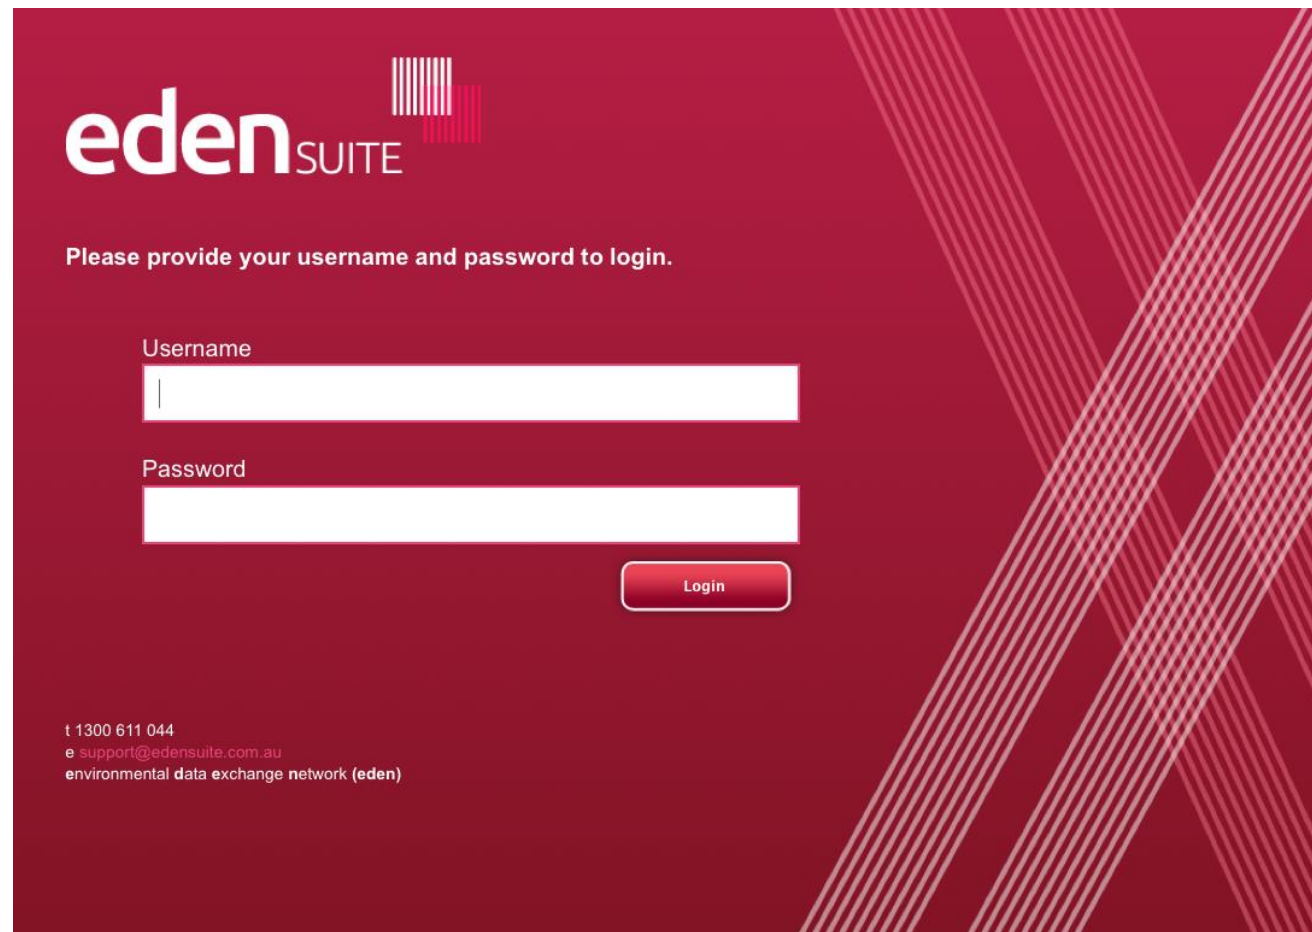

History of Eden Suite

- Started life as two separate products
 - Carbon Insight
 - Inventory management, reporting, analysis
 - EDEN (Environmental Data Exchange Network)
 - Electronic data capture
- Combined to become Eden Suite in 2011
- Decision made mid 2011 to shift all new development to HTML from “Flex”
 - Faster search and response under high data load
 - Necessitated the creation of ‘modules’ (3.0 and Classic) to support both formats
 - Single database for both
 - “Classic”/Flex functions transitioned to HTML/5 over time
- November 2019 “Classic”/Flex module removed all together
 - One interface for all functions

Login Page

<https://portal.edensuite.com.au>

The image shows a login page for Eden Suite. The background is a solid dark red color with a pattern of thin, light red diagonal lines on the right side. In the top left corner, there is a white circular icon with red diagonal stripes. The Eden Suite logo is in the top left, consisting of the word "eden" in white lowercase letters, followed by "SUITE" in smaller white uppercase letters, and a graphic of four vertical bars of increasing height to the right. Below the logo, the text "Please provide your username and password to login." is displayed in white. There are two white input fields: the first is labeled "Username" and the second is labeled "Password". Below the password field is a red button with the word "Login" in white. At the bottom left, there is contact information in white text: "t 1300 611 044", "e support@edensuite.com.au", and "environmental data exchange network (eden)".
